INTRODUCTORY SECTION

P.O. Box 367, 300 East Pearl Street-Harrisonville, Missouri 64701

June 1, 2015

Honorable Mayor and Members of the Board of Aldermen:

The Finance Department is pleased to present the Comprehensive Annual Financial Report (CAFR) of the City of Harrisonville, Missouri, for the fiscal year ended December 31, 2014. This report is required under RSMo. 105.145 and is submitted for your information and review.

The responsibility for accuracy, completeness, and fairness of the data presented, including all disclosures, rests with the City. I believe the report as presented is accurate in all material respects and is presented in a manner designed to fairly set forth the financial position and results of annual operations of the City, both on a government-wide and a fund basis.

The City of Harrisonville Finance Department prepares the year-end trial balances and supporting schedules and assists in the preparation of the financial statements, which undergo an annual audit by an independent certified public accountant. The City's financial statements have been audited by the accounting firm of Dana F. Cole & Company, LLP, and that audit resulted in an unmodified opinion that the City's financial statements for the fiscal year ended December 31, 2014, are fairly presented in conformity with accounting principles generally accepted in the United States of America. That opinion, and the procedures and testing that led to it, is found in the "Independent Auditors' Report" at the beginning of the Financial Section of the CAFR.

Following the independent auditors' report and opinion is management's discussion and analysis (MD&A) of the financial statements. This analysis, along with the basic financial statements and notes, provides an overview of the City's financial position and operating results. The supplemental and statistical sections help provide a broader understanding of Harrisonville and, along with the introductory section, provide context to the report.

Profile of the City of Harrisonville

The town of Harrisonville was established in 1837 and was named in honor of Albert G. Harrison, one of the first two U.S. Congressional representatives elected from the state of Missouri. Harrisonville became incorporated in 1851. S.G. "Squire" Allen was appointed the first mayor of the town in 1857, and Col. H. W. Younger, father of the infamous Cole Younger, was elected mayor in 1859. There is a rich local history of the Civil War era in Harrisonville, and in the decades following the war, the town grew in importance as the county seat of Cass County and as a transportation hub for the region.

Today, Harrisonville is home to approximately 10,000 residents, with manufacturing and distribution facilities representing several major national firms. It still serves as a transportation center, with Interstate 49 and several state highways providing access to the Kansas City metropolitan area as well as the recreation areas of south-central Missouri.

The City of Harrisonville, Missouri, is a fourth-class city organized under Missouri statutes and is governed by a Mayor and eight-member Board of Aldermen, two from each of the four wards. The Mayor and Board appoint a City Administrator to serve as the chief administrative officer of the City, and to oversee the operations of all City departments. Harrisonville provides a full complement of general governmental services including police and fire protection, emergency medical services, parks and recreation, public works services, an airport, and general administrative services. The City also provides electrical distribution, water, and sanitary sewer services, all of which are accounted for in the financial statements as business-type activities.

Factors affecting financial conditions

Local economy - Overall retail sales have recovered to the levels enjoyed prior to the recession, and we see some local businesses investing in renewal. While housing remains tied to the stable population, economic development continues to focus on the creation and expansion of employment opportunities. Outside investors have continued to show interest in Harrisonville's location and workforce when considering potential business sites. Harrisonville's place as a regional trade center for basic goods and services has helped shelter the community from more severe economic downturns.

Long-term financial planning - The City of Harrisonville prepares a five-year Capital Improvement Plan (CIP) for constructing, maintaining, and replacing the City's physical infrastructure. These projects are reviewed annually and updated as conditions, prices, resources, and priorities change. These projections are included as a part of the five-year financial projection of each of the City's operating funds during the Board of Aldermen's annual budget process. By Board policy, the City maintains a reserve in each of the operating funds for budgetary and planning purposes.

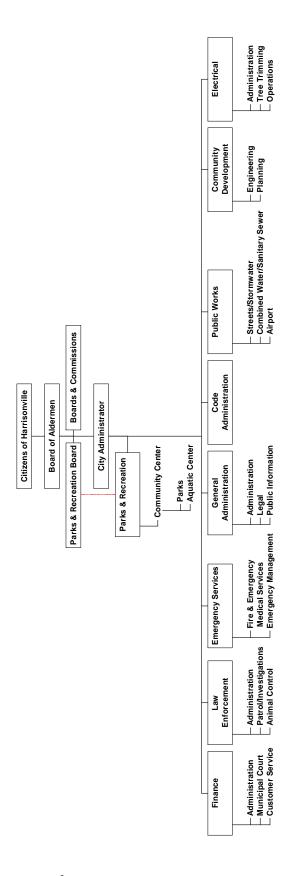

Cash management and risk management - The primary concern of the City's cash management policy is the safety of principal. The City follows a conservative investment policy which is closely monitored by staff and reviewed annually. Investment yield remains low compared to historical averages, but the security of the investment principal is the City's overarching priority. Cash balances of the various funds are consolidated for maximum earnings flexibility. Following the close of the fiscal year, the City renewed all major insurance policies after a review and update of exposures and pricing. With both cost and risk on the increase, insurance coverage is an area which receives significant attention.

The preparation of this report would not have been possible without the year-round dedication and hard work of the staff of the Finance Department, with special recognition to our Accounting Specialist, Debra Goss. The City's independent audit firm of Dana F. Cole & Company, LLP, was instrumental in the preparation of this report and highly professional in their dealings with our staff. I would also like to thank Mayor Wood, the Board of Aldermen, and City Administrator Keith Moody for their continued interest in and support of the maintenance of the financial health of our City.

Respectfully submitted,

Michael E. Tholen Director of Finance

INDEPENDENT AUDITORS

Dana F. Cole & Company, LLP

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the Board of Aldermen City of Harrisonville, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Harrisonville, Missouri, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that our audit provides a reasonable basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Harrisonville, Missouri, as of December 31, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 8 - 14 and 59 - 62 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Harrisonville, Missouri's basic financial statements. The introductory section, other supplementary information, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information on pages 63 - 72 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information on pages 63 - 72 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections on pages 1 – 4 and 73 – 92 have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 1, 2015, on our consideration of the City of Harrisonville, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Harrisonville, Missouri's internal control over financial reporting and compliance.

Dana + Cole+Company, LLP

Overland Park, Kansas June 1, 2015

The City of Harrisonville, Missouri, has prepared financial statements in accordance with GASB 34 guidelines since 2003. This section of the report is intended to provide a summary of the City's financial condition and outlook, and should be considered along with the transmittal letter and financial statements in any evaluation of the City's financial condition.

Fiscal Year Highlights

The City of Harrisonville, Missouri, continues to be a financially stable community, although the economic slump has affected our residents. Property tax revenues decreased in FY 2014 because of lower personal property tax valuations, but overall net position has increased in both governmental and business-type activities. The City of Harrisonville, Missouri's central location in the county and its status as a full-service city help maintain that stability and allow for many forward-looking investments:

The City completed work on a new police station to replace the current cramped and aged facility. This is undertaken using existing reserves with a total investment of approximately two million dollars.

These statements include the Towne Center TIF expenditures, which impact the net position of the City. The anchor tenant opened in spring 2007. One additional padsite has been occupied, and a hotel has been opened on the south end. The two remaining padsites are still open for development. The City budgeted and contributed general funds to help meet the debt service schedule in 2014, but will need additional development to continue to service the debt without impacting other City funds.

The collection of sales tax revenues exceeded previous levels. While the City has been recovering from the downturn, the revenue from existing sales taxes showed little overall growth in recent years. This could be an area of concern if continued over time since the sales tax is the largest single revenue source to the General Fund, and forms the basis of debt service payments for the Community Center. Sales tax revenues mirror national and regional economic trends, which are largely outside the City's control, but are important to both our community and our revenue stream. These trends are closely monitored by City staff for their effect on both present and projected expenditure plans.

The City's business-type activities (utility funds) showed stable sales and usage, reflecting the community growth patterns. Utility customer and load growth is a key indicator of the community's financial health, as the number of residents is tied directly to available revenues and demands for City services. Prior to FY 2012, the City revised its administrative charge schedule, which resulted in lower utility rates and reduced transfers to the General Fund. The City forecasts stable utility rates for the next few years except for water rate increases to finance voter-approved water treatment plant improvements.

The Comprehensive Annual Financial Report

This comprehensive annual financial report consists of six parts:

Introductory section which includes the transmittal letter, Management's discussion and analysis (this part), Basic financial statements and accompanying notes, Required supplemental information, Other supplemental information, and Statistical information

The Comprehensive Annual Financial Report (Continued)

In prior years, the principal focus of local governmental financial statements was to summarize fundtype information on a current financial resource basis. This current accounting model presents information in two ways. The government-wide financial statements provide both short- and long-term information about the City's overall financial status. These are prepared on a full accrual basis to present information in a format more familiar to corporate accounting users. Fund financial statements are still included to provide useful information on individual parts of the government.

Government-Wide Financial Statements

The basic financial statements include two government-wide financial statements: the statement of net position and the statement of activities. These statements can be found on pages 15 through 18. The government-wide financial statements report information about the City as a whole using accounting methods similar to those used by the private sector.

The City is divided into the following activities:

Governmental activities - All of the City's basic services are considered governmental activities, including public safety, public works, general administration, and parks. These activities are supported primarily with general revenue such as sales and property taxes, fines, and permit fees.

Business-type activities - The City's enterprise activities are included here. These operations charge a fee for services that is intended to recover the cost of operations.

Fund Financial Statements

Another major section of the basic financial statements is the fund financial statements, found on pages 19 to 29, along with their explanatory notes on pages 30 through 58. The fund financial statements provide detailed information about each of the City's most significant funds, called "major funds." All other funds are summarized and presented in a single column called "nonmajor."

The City of Harrisonville, Missouri, currently has two kinds of funds:

Governmental funds - Most of the City's basic services are included in governmental funds. These statements are prepared on a modified accrual basis, meaning they measure current financial resources and uses. Capital assets and other long-lived assets, along with any long-term liabilities, are not presented in the governmental fund statements, but additional information about them is provided at the bottom of the statements, and in the notes.

Proprietary funds - These statements include business-type enterprise funds. The statements for these funds are presented on the accrual basis and include all assets and liabilities, both current and long-term. This is the same basis used on the government-wide financial statements.

Statement of Net Position

The following table summarizes the combined statement of net position as of December 31, 2014, compared with the same information for the fiscal year ending December 31, 2013:

City of Harrisonville, Missouri's Net Position

	Governmental Activities		Business-Type Activities		Tot	:al
	2014	2013	2014	2013	2014	2013
ASSETS AND DEFERRED OUTFLOWS OF RESOURCES Current and other						
assets Deferred outflows	16,533,005	18,325,584	10,901,092	11,509,356	27,434,097	29,834,940
of resources	408,450	466,800			408,450	466,800
Capital assets	23,657,931	23,620,359	35,716,258	35,076,829	59,374,189	58,697,188

LIABILITIES						
Other liabilities	2,510,663	2,389,850	1,578,307	1,654,058	4,088,970	4,043,908
Long-term liabilities	21,482,716	23,813,113	10,352,998	11,202,552	31,835,714	35,015,665
TOTAL LIABILITIES	23,993,379	26,202,963	11,931,305	12,856,610	35,924,684	39,059,573
NET POSITION Invested in capital assets, net of						
related debt	17,372,336	16,629,597	25,037,013	24,103,550	42,409,349	40,733,147
Restricted	1,062,950	1,007,888	1,957,857	2,170,113	3,020,807	3,178,001
Unrestricted (deficit)	(1,829,279)	(1,427,705)	7,691,175	7,455,912	5,861,896	6,028,207
TOTAL NET POSITION	16,606,007	16,209,780	34,686,045	33,729,575	51,292,052	49,939,355

The summary reveals the overall balance in the City between governmental assets and business-type assets. The governmental activities capital assets include the cost of additions, while the long-term obligations and restricted assets in the same column reveal the offsetting debt, final construction obligations, and financing reserves, as well as the debt associated with the Towne Center TIF.

Statement of Activities

The following table reflects the revenues and expenses for the City's activities for the fiscal year ending December 31, 2014, compared with the same information for the fiscal year ending December 31, 2013:

	2014	2013	2014	2013	2014	2013
CHANGE IN NET						
POSITION	396,227	478,399	956,470	1,371,589	1,352,697	1,849,988
NET POSITION, beginning of year	16,209,780	16,190,195	33,729,575	32,458,713	49,939,355	48,648,908
GASB 65 RESTATEMENT		(458,814)		(100,727)		(559,541)
NET POSITION, end of year	16,606,007	16,209,780	34,686,045	33,729,575	51,292,052	49,939,355

This summary shows that approximately 99% of program revenues are charges for services. The majority of the City's total revenue comes from the business-type activities of the Electric and Combined Water and Sanitary Sewer Utilities. Program revenues overall increased 1.3% in 2014 from 2013. In the governmental activities area, taxes were the largest single source of income, led by the sales tax revenues generated for the General Fund and the Community Center. Total tax revenue from all sources increased 4.1% primarily due to additional tax revenues in 2014.

Total program expenses for 2014 are \$28,699,711 with the majority, \$16,703,839, stemming from business-type activities. Governmental activities expenditures increased 4.1% from the previous fiscal year and total of business-type activity spending increased 5.4%.

Public safety expenses, at \$5,248,333, totaled approximately 43% of the governmental activities, while the electric utility expenses compose the majority of the business-type expenses.

The total net position of the City increased 2.7% in 2014.

Fund Statements

The City of Harrisonville, Missouri, fund statements can be found on pages 19 through 29 of the financial statements. Governmental funds ended the year with an overall increase in net position, the business-type funds showed an increase, and the overall City posted an increase in net position.

Budget Variances

There is one area of significant difference between the original adopted budget and the final approved budget for the City's General Fund in FY 2014. It is in capital projects, which reflects the amount of unfinished capital work from 2013, which was reappropriated into the 2014 budget, as well as several newly authorized construction projects and equipment purchases. All budget amendments are reviewed and approved by the Board of Aldermen.

Economic Outlook

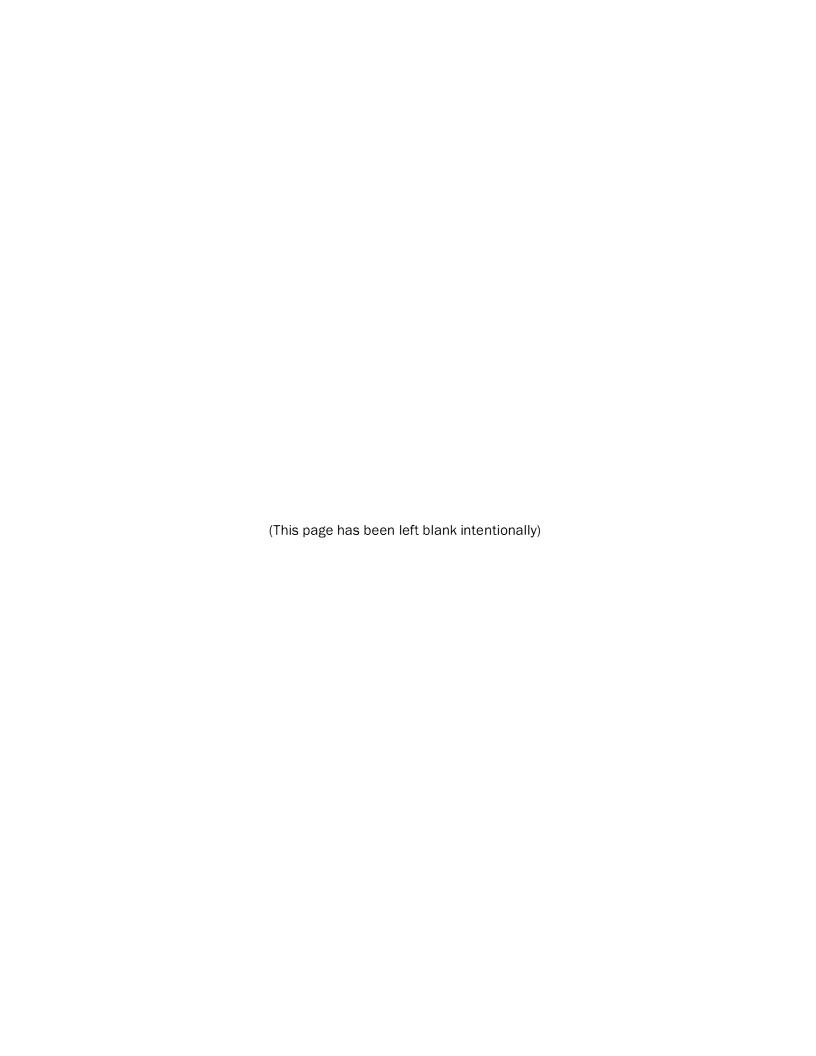

The City of Harrisonville, Missouri, continues to benefit from a relatively stable economic situation and shows some signs of progress. Overall employment has remained steady and sales tax collections have increased. Some new retail development is still under way, and the City continues to be in the minds of potential commercial and industrial customers. The State of Missouri, in conjunction with local funding partners, is constructing significant improvements to the interchange at I-49 and MO-291, as well as to MO-7 through Harrisonville. Voters in November 2014 approved \$7 million in revenue bonds to fund improvements in the City's water treatment plant and process which will provide better, cleaner water for years to come. These public infrastructure investments should help maintain and strengthen our commercial base. The Board of Aldermen and City staff take a vigilant approach to monitoring the City's financial health, identifying and acting on trends in order to forestall any major problems.

Financial Contact

These financial statements are designed to provide a general overview of the City's finances and to demonstrate the City's accountability. Any questions or request for additional information should be directed to the Director of Finance, 300 E. Pearl Street, Harrisonville, Missouri 64701.

CITY OF HARRISONVILLE, MISSOURI RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES (DEFICIT) OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED DECEMBER 31, 2014

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds		(545,226)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period. Capital outlay	1,163,730	
Depreciation	(1,126,158)	37,572
The issuance of long-term debt (e.g., bonds, loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. In the statement of activities, interest is accrued on outstanding bonds, whereas in the governmental funds, an interest expenditure is reported when due. The following is the detail of the net effect of these differences in the treatment of long-term debt and related items: Bond principal payments	300,000	
	•	
Promissory note payments Certificates of participation payments	15,751 650,000	
Capital lease payments	40,331	
Amortization of premiums and discounts	(59,265)	946,817
Some expenses in the statement of activities do not require		
the use of current financial resources and, therefore,		

The notes to the financial statements are an integral part of this statement.

are not reported as expenditures in governmental funds.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Harrisonville, Missouri, have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. REPORTING ENTITY

The City of Harrisonville, Missouri, is a fourth-class city in which citizens elect the Mayor at large and eight council members by wards. The accompanying financial statements present the City's primary government and any component units over which the City exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the City (as distinct from legal relationships). In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, and includes all component units of which the City appointed a voting majority of the units' board and the City is either able to impose its will on the unit or a financial benefit or burden exists.

The City has developed criteria to determine whether outside agencies with activities which benefit the citizens of the City, including joint agreements, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the City exercises oversight responsibility, which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters, scope of public service, and special financing relationships. Component units are reported in the City's financial statements as follows:

Blended Component Units

Towne Center TIF Fund

This fund accounts for the proceeds of the TIF notes issued to pay for the Towne Center Redevelopment Project along with the tax proceeds and uses generated by the District. The City has not adopted an annual budget for this fund.

Discretely Presented Component Unit

Market Place TIF District

This District accounts for the revenues and expenses associated with the Market Place Redevelopment Project.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the City except the fiduciary funds. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from the goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The government reports the following major governmental funds:

General Fund - This fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Sales Tax Fund - The Sales Tax Fund is used to accumulate revenues from a special sales tax for capital improvements.

Community Center Fund - This fund is responsible for the operations of the City's Community Center. The fund is financed by charges for services.

Towne Center TIF Fund - This fund accounts for the proceeds of the TIF notes issued to pay for the Towne Center Redevelopment Project along with the tax proceeds and uses generated by the District. The City has not adopted an annual budget for this fund.

Emergency Services Fund - This fund is responsible for the operations of the City's emergency services. The fund is financed by taxes and emergency service revenues.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

The government reports the following major proprietary funds:

Electric Fund - The Electric Fund accounts for the billing and collection of charges for electric service for most city residents. Revenues are used to pay for both operations and capital outlay to maintain this service.

Water and Sewer Fund - The Water and Sewer Fund accounts for the billing and collection of charges for water and sanitary sewer services to the residents of the City and a limited number of customers outside of city limits. All activities necessary to provide such services are accounted for in this fund.

Additionally, the government reports the following funds:

Governmental Funds

Park Fund - The Park Fund is primarily used for the maintenance of the City's parks. The fund is financed by property and license fees.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of financial resources for, and the payment of, the principal and interest for the 2012 Certificates of Participation which were issued for the use in the advance refunding of the 2003 Certificates of Participation.

Proprietary Funds

Aquatic Center Fund - The Aquatic Center Fund is used to account for the operations of the Aquatic Center.

Refuse Fund - The Refuse Fund is used to account for the provision of refuse collection to the residents of the City. All activities necessary to provide such services are accounted for in this fund.

Agency Fund

This fund accounts for the City's fiduciary responsibility to track receipts and disbursements associated with the Highway 71/291 Partners in Progress TDD and the Hospital Interchange TDD.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND BASIS OF PRESENTATION

The government-wide financial statements are reported using the economic resources management focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND BASIS OF PRESENTATION (Continued)

Governmental fund financial statements are reported using current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible with the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property tax, sales taxes, franchise taxes, licenses, and interest associated with the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the fund's principal ongoing operations.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

D. BUDGETS

Budgets for the City are prepared and adopted on the cash basis of accounting for all governmental and proprietary funds. The City Administrator may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the governing council. The City Council approved amendments to the budget during the year. The actual results of operations are presented in comparison to the budgets on the combined statement of revenues, expenditures, and changes in fund balances - budget and actual - all governmental fund types. All governmental funds have a legally adopted annual budget. Appropriations lapse at year-end but may be reappropriated in the following year.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. CASH AND INVESTMENTS

For the purpose of the statement of cash flows, the City considers all highly liquid investments (including restricted assets except for those held by trustees) with a maturity of three months or less when purchased to be cash equivalents, along with demand deposits and certificates of deposit. As of December 31, 2014, the City had no cash equivalents.

The City's investment policies are structured to conform to Missouri Statute 30.270. The City is authorized to invest in U.S. Treasury obligations, U.S. government agency securities and instruments of government-sponsored corporations, certificates of deposit at commercial banks and S & L associations, and repurchase agreements. Investments are reported at fair value.

F. RESTRICTED CASH AND INVESTMENTS

Certain cash and investment accounts are restricted for construction projects, debt service, and compliance with bond covenants. Assets are also restricted in the proprietary funds for refunding customer meter deposits.

G. INTERFUND TRANSACTIONS

During the course of normal operations, the City has transactions between funds, including expenditures and transfers of resources, to provide services and construct assets. Legally authorized transfers are treated as operating transfers and are included in the results of operations for both governmental and proprietary funds.

H. PREPAIDS AND INVENTORIES

Prepaid balances are for payments made by the City in the current year to provide services occurring in the subsequent fiscal year, and the reserve for prepaid items has been recognized to signify that a portion of fund balance is not available for other subsequent expenditures.

Inventories, consisting of materials and supplies, are valued at lower of cost or market. Cost is determined using first-in, first-out (FIFO) basis.

I. CAPITAL ASSETS

Prior to GASB Statement No. 34, capital assets for governmental funds were recorded in the General Fixed Asset Account Group and were not depreciated. The new model requires that all capital assets, whether owned by governmental activities or business-type activities, be recorded and depreciated in the government-wide financial statements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. CAPITAL ASSETS (Continued)

Capital assets, including infrastructure, are defined as assets with an initial cost of \$5,000 or more and an estimated useful life of more than one year. Capital assets are stated at cost or at estimated fair value at time of donation.

Major expenditures for property and those which substantially increase useful lives are capitalized. Maintenance, repairs, and minor renewals are expensed when incurred. When capital assets are retired or otherwise disposed of, their costs and related accumulated depreciation are removed from the accounts and resulting gains or losses are included in income.

General infrastructure assets acquired prior to January 1, 2003, are not reported in the basic financial statements. General infrastructure assets include all roads, bridges, and other infrastructure assets acquired subsequent to January 1, 2003.

Depreciation of buildings, equipment, and vehicles is computed using the straightline method over the following estimated useful lives:

Buildings and processing facilities	15 - 50 years
Machinery and equipment	5 - 25 years
Transmission lines and mains	30 - 50 years

J. COMPENSATED ABSENCES

Compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements and are included as a part of long-term liabilities. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The amount of accrued vacation benefits included in the government-wide financial statements, related to governmental activities, for the year ended December 31, 2014, is \$345,287. Business-type activity funds reported accrued vacation benefits for the year ended December 31, 2014, of \$122,280.

K. LONG-TERM OBLIGATIONS AND BOND DISCOUNTS/PREMIUMS

In the government-wide and proprietary fund financial statements, outstanding debt is reported as liabilities. Bond discounts or premiums are capitalized and amortized over the terms of the respective bonds using a method that approximates the effective interest method.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. NET POSITION

Government-Wide Statements

Net position is displayed in three components:

Invested in capital assets, net of related debt, consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position consists of net position with constraints placed on the use either by external groups, such as creditors, grantors, contributors, or laws and regulations of other governments, or through constitutional provision or enabling legislation.

Unrestricted net position does not meet the definition of restricted.

Fund Statements

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent.

The classifications used in the governmental fund financial statements are as follows:

Nonspendable

This classification includes amounts that cannot be spent because they either (a) are not in spendable form or (b) are legally or contractually required to be maintained intact.

Restricted

This classification includes amounts for which constraints have been placed on the use of the resources either by external groups such as creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or by law through constitutional provisions or enabling legislation.

Committed

This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council. These amounts cannot be used for any other purpose unless the Council removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The City currently has no amounts classified in this category.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. NET POSITION (Continued)

Fund Statements (Continued)

Assigned

This classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the City Council or through the Council delegating this responsibility to the City Administrator through the budgetary process.

<u>Unassigned</u>

This classification includes the residual fund balance for the General Fund and any deficit balance in any other fund.

The City would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

M. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The more significant estimates in the financial statements are allowance for bad debts, depreciation, and accrued liabilities.

N. REVENUES

Billings for utility services are rendered on a monthly basis. Unbilled revenues from the last billing date to the end of the period are accrued in the period of usage and included in accounts receivable.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

O. INTERNAL AND INTERFUND BALANCES AND ACTIVITIES

In the process of aggregating the financial information for the government-wide statement of net position and statement of activities, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

- 1. Interfund loans Amounts provided with a requirement for repayment are reported as interfund receivables and payables.
- 2. Interfund services Sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
- 3. Interfund reimbursements Repayments from funds responsible for certain expenditures/expense to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
- 4. Interfund transfers Flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

Government-Wide Financial Statements

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

- Interfund balances Amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are reported as Internal Balances.
- Internal activities Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide statement of activities except for the net amount of transfers between governmental and business-type activities. The effects of interfund services between funds, if any, are not eliminated in the statement of activities.

NOTE 2. CASH AND INVESTMENTS

Cash

Custodial Credit Risk for deposits is the risk that in the event of bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City's bank deposits are required by state law to be secured by the deposit of certain securities specified at RSMo 30.270 with the City or trustee institution. The value of the securities must amount to the total of the City's cash not insured by the Federal Deposit Insurance Corporation.

As of December 31, 2014, all of the City's deposits with financial institutions were fully insured or collateralized.

Investments

The City's investments at December 31, 2014, are summarized below:

Investment	Unrestricted	Restricted
Investments held by trustee (Bond Reserves)		
Money market funds		790,463
Fixed income securities		
Certificates of deposit	7,335,121	624,000
Federal Farm Credit Bank (AAA)	1,441,982	400,676
Federal Home Loan Bank (AAA)	104,424	
Federal Home Loan Mortgage Corporation (AAA)	300,000	
Freddi Mac	301,629	
Federal National Mortgage Association (AAA)	414,135	
	9,897,291	1,815,139
Maturities		
Less than six months	498,000	790,463
Six months to one year	1,897,277	
Over one year	7,502,014	1,024,676
	9,897,291	1,815,139

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits the City's investment portfolio to maturities of less than two years without prior approval of the Board of Aldermen.

Credit Risk

The City's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

NOTE 2. CASH AND INVESTMENTS (Continued)

Concentration of Credit Risk

The City will diversify use of investment instruments to avoid incurring unreasonable risks inherent in overinvesting in specific instruments, individual financial institutions, or maturities.

Investments will be limited to the instruments listed below, unless approved by the Board of Aldermen.

Investment Instrument	Maximum Percent of Portfolio
U.S. Treasury Obligations U.S. Government Agency Securities	100%
Instruments of Government-Sponsored Corporations	100%
Certificates of Deposit	
Commercial Banks	50%
Savings and Loan Associations	50%

NOTE 4. PROPERTY TAXES

The assessed valuation of the tangible property for the purpose of local taxation as of May 31, 2014, was as follows:

Real estate	94,992,339
Personal property	<u> 25,948,277</u>
	120,940,616

The tax levy per \$100 of assessed valuation of tangible property for the calendar year 2014 was as follows:

General operating	0.5672
Park	<u>0.1283</u>
	<u>0.6955</u>

Property taxes may attach as an enforceable lien on property as of January 1. Taxes are levied no later than November 1 and are due and payable at that time. All unpaid taxes levied by November 1 become delinquent January 1 of the following year.

NOTE 5. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2014, was as follows:

	Balance January 1, 2014	Additions and Transfers	Retirements and Transfers	Balance December 31, 2014
Governmental Activities

Total governmental					
debt	23,813,113	345,287	(1,307,518)	22,850,882	1,368,166

Compensated Absences

Compensated absences are payable upon an employee's separation from employment, which could occur at any time, and the absences are, therefore, considered payable within one year and are liquidated by the governmental fund responsible for generating the liability. The liability is allocated to each fund as follows:

264,009
25,187
18,475
37,616
345,287

Capital Lease Obligations

The City has entered into a capital lease agreement for the purchase of airport hangars. The lease agreement qualifies as a capital lease for financial reporting purposes and, therefore, has been recorded at the present value of the future minimum lease payments as of the date of its inception. The cumulative amount of assets acquired under the capital lease described above amounted to \$596,729 as of December 31, 2014.

NOTE 6. LONG-TERM DEBT (Continued)

Governmental Activities (Continued)

<u>Capital Lease Obligations</u> (Continued)

Future minimum lease payments under capital leases, together with the present value of net minimum lease payments, consist of the following:

Year Ending
December 31,

53,034
53,034
53,034
53,034
212,136
25,404
186,732

Tax Increment Revenue Bonds

On June 1, 2007, the City issued \$8,630,000 in Tax Increment Revenue Bonds for the purpose of providing funds to refinance the 2005 Tax Increment Financing Temporary Notes, pay accrued interest on the Temporary Notes, fund a deposit to the debt service reserve for the bonds, and pay costs related to the issuance of the bonds. The City anticipates that it will pledge the incremental payments in lieu of taxes and, subject to annual appropriation, Economic Activity Taxes generated by the private development within the Towne Center TIF District. The Bonds do not constitute a general obligation of the City of Harrisonville, Missouri. Interest is paid semiannually on May 1 and November 1. Principal is due each year on November 1 through the maturity date of November 1, 2028. The interest rate on this issue ranges from 4.25% to 5.0%.

Aggregate annual principal and interest payments applicable to the TIF Bonds are:

Year Ending December 31,	Principal	Interest
2015	300,000	328,469
2016	335,000	315,719
2017	340,000	301,063
2018	365,000	286,188
2019	390,000	269,763
2020 - 2024	2,440,000	1,056,115
2025 - 2028	3,050,000	407,233
	7,220,000	2,964,550

NOTE 6. LONG-TERM DEBT (Continued)

Governmental Activities (Continued)

Tax Increment Revenue Notes

On December 18, 2009, the City issued \$9,000,000 in Tax Increment Revenue Notes for the purpose of providing funds to pay for certain reimbursable costs associated with the Cooperation, Financing, and Pledge Agreement (CFP Agreement) dated December 18, 2009, between the City; Harrisonville MP, LLC; The Harrisonville Market Place Transportation Development District A (TDD A); and The Harrisonville Market Place Transportation Development District B (TDD B).

The City has pledged the incremental payments in lieu of taxes and Economic Activity Taxes generated by the private development within the Market Place TIF District. Additional revenues generated by the TDD A and TDD B districts are also pledged to the repayment of the Note. The Note does not constitute a general obligation of the City.

From the date of this Note, the applicable interest rate on the unpaid principal balance of this Note was 6% per annum. During 2011, the interest rate on this Note was adjusted to 4.75% and as of April 1, 2014, it again changed to 6.5% with payments due annually. The restructured Note does not call for regular principal payments, and no balloon payment is disclosed on the Note. The City is required to submit collections of revenues for the district to a separate account, which is used to pay the required annual payment.

Annual interest payments applicable to the full balance of the TIF notes are \$585,000. The principal due for the year ended December 31, 2014, or thereafter is \$9,000,000.

Certificates of Participation

On May 1, 2012, Refunding Certificates of Participation were issued to advance refund the 2003 issued Certificates of Participation disclosed above in the amount of \$7,830,000 at rates ranging from 2.000% to 2.750%. These Refunding Certificates of Participation mature on December 1, 2022, with semiannual interest payments.

Aggregate annual principal and interest payments are as follows:

Year Ending		
December 31,	Principal	Interest
2015	665,000	151,563
2016	700,000	138,263
2017	720,000	117,263
2018	745,000	95,662
2019	760,000	79,831
2020 - 2022	2,425,000	129,644
	6,015,000	712,226

NOTE 6. LONG-TERM DEBT (Continued)

Governmental Activities (Continued)

Promissory Note Payable

In 2011, the City entered into a promissory note payable with the Missouri Department of Natural Resources for the purpose of constructing and installing energy savings equipment. In December 2011, the City received \$171,931 to assist with upcoming costs for these expenses in the Community Center. The note bears interest at 2% and requires semiannual payments of principal and interest until maturity on April 1, 2023.

Aggregate annual principal and interest payments are as follows:

Year Ending		
December 31,	Principal	Interest
2015	16,068	2,864
2016	16,391	2,540
2017	16,720	2,211
2018	17,056	1,875

Compensated Absences

Compensated absences are payable upon an employee's separation from employment, which could occur at any time, and the absences are, therefore, considered payable within one year and are liquidated by the governmental fund responsible for generating the liability. The liability is allocated to each fund as follows:

Electric	45,210
Water/Sewer	77,070
	122,280

Revenue Bonds

On October 23, 2002, the City issued \$4,370,000 in Combined Waterworks and Sewerage System Revenue Bonds (State Revolving Fund Program). Of the bonds, \$3,660,000 was issued for the purpose of extending and improving the City's combined waterworks and sewerage system and \$710,000 was issued to refund a prior issue of bonds of the City.

The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. Interest is paid semiannually on January 1 and July 1. Principal is due each year on July 1 through the maturity date of July 1, 2023. The interest rate on this issue ranges from 2.05% to 5.0%.

On April 1, 2003, the City issued \$3,295,000 in Combined Waterworks and Sewerage System Revenue Bonds (State Revolving Fund) for the purpose of financing certain improvements to the City's sewer system. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. Interest is paid semiannually on January 1 and July 1. Principal is due each year on January 1 through the maturity date of January 1, 2024. The interest rate on this issue ranges from 2.0% to 5.25%.

NOTE 6. LONG-TERM DEBT (Continued)

Business-Type Activities (Continued)

Revenue Bonds (Continued)

On May 19, 2005, the City issued \$1,710,000 in Combined Waterworks and Sewerage System Revenue Bonds (State Revolving Fund) for the purpose of financing certain improvements to the City's sewer system. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. Interest is paid semiannually on January 1 and July 1. Principal is due each year on July 1 through the maturity date of July 1, 2025. The interest rate on this issue ranges from 3.0% to 5.0%.

On September 1, 2007, the City issued \$2,730,000 in Electric System Refunding Revenue Bonds for the purpose of providing funds to refund outstanding Series 1999 Electric System Revenue Bonds. The bonds are to be paid by the net revenues of the system and are secured by a first lien on the revenues. Interest is paid semiannually on May 1 and November 1. Principal is due each year on November 1 through the maturity date of November 1, 2020. The interest rate on this issue ranges from 4.0% to 4.5%.

In March 2010, the City issued the Combined Waterworks and Sewerage System Revenue Bonds that can be drawn on for a maximum principal amount of \$4,300,000. Semiannual interest payments are due each January 1 and July 1, commencing July 1, 2010. Interest is determined by 30% of the Revenue Bond Index as published in The Bond Buyer. Principal payments are due each January 1 and July 1, commencing July 1, 2011, and maturing on July 1, 2030. As of December 31, 2014, the City has drawn down \$3,288,541 on this bond.

Aggregate annual principal and interest payments applicable to the revenue bonds are:

Year Ending December 31,	Principal	Interest
2015	840,000	369,945
2016	863,700	334,980
2017	902,500	298,430
2018	936,300	259,904
2019	953,300	221,065
2020 - 2024	3,987,800	534,734
2025 - 2029	1,280,200	72,023
2030	121,600	2,765
	9,885,400	2,093,846

As of December 31, 2014, the sinking funds and the reserve funds were adequately funded and the City was in compliance with its rate covenants for all bonds.

NOTE 6. LONG-TERM DEBT (Continued)

<u>Business-Type Activities</u> (Continued)

Promissory Note Payable

In 2011, the City entered into a promissory note payable with the Missouri Department of Natural Resources for the purpose of constructing and installing energy savings equipment. In December 2011, the City received \$380,000 to assist with upcoming costs for these expenses in the Water/Sewer facilities. The note bears interest at 2% and requires semiannual payments of principal and interest until maturity on April 1, 2023.

Aggregate annual principal and interest payments applicable to the promissory note are:

Year Ending		
December 31,	Principal	Interest
2015	29,534	6,068
2016	30,276	5,326
2017	31,039	4,563
2018	31,820	3,782
2019	32,620	2,982
2020 - 2023	_94,77 <u>1</u>	3,941
	<u>250,060</u>	<u> 26,662</u>

NOTE 7. INTERFUND TRANSACTIONS

Transfers during the year ended December 31, 2014, were as follows:

	Transfers Out:			
		Sales	Nonmajor	
	General	Tax	Governmental	Total
Transfers in:				
General		239,071		239,071
Community Center		376,833		376,833

Emergency Services		1,137,101		1,137,101
Nonmajor proprietary				
funds			23,095	23,095
Nonmajor govern-				
mental funds	1,018,385	42,333	5,110	1,065,828
Total	1,218,385	1,795,338	28,205	3,041,928

NOTE 7. INTERFUND TRANSACTIONS (Continued)

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 8. INTERFUND BALANCES

	Due to:
	Electric
Due from:	
Towne Center TIF	43,480
Nonmajor governmental funds	89,287
Total	132,767

The balances of amounts due to the Electric Fund are a result of the Funds having a negative claim on the City's pooled cash accounts.

NOTE 9. PENSION PLAN

Plan Description

The City participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri.

LAGERS is a defined benefit pension plan, which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, section RSMo. 70.600 - 70.755. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under Internal Revenue Code Section 401(a) and it is tax-exempt. The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334.

Funding Policy

The City's full-time employees do not contribute to the pension plan. The City is required to contribute at an actuarially determined rate; the current rates are 14.1% for police, 13.2% for general, and 12.1% for fire of annual covered payroll. The contribution requirements of plan members are determined by the governing body of the City. The contribution provisions of the City are established by state statute.

NOTE 9. PENSION PLAN (Continued)

Annual Pension Cost

For 2014, the City's annual pension cost of \$725,343 was less than the required and actual contribution by \$1,056 for an accumulated net pension obligation of \$257,701. The required contribution was determined as part of the February 29, 2012, and February 28, 2013, annual actuarial valuation using the entry age actuarial cost method. The actuarial assumptions as of February 28, 2014, included (a) a rate of return on the investment of present and future assets of 7.25% per year, compounded annually; (b) projected salary increases of 3.5% per year, compounded annually, attributable to inflation; (c) additional projected salary increases, ranging from 0% to 6.0% per year, depending on age and division, attributable to seniority/merit; and (d) preretirement mortality based on 75% of the RP-2000 Combined Healthy Table set back 0 years for men and 0 years for women and (e) postretirement mortality based on 105% of the 1994 Group Annuity Mortality table set back 0 years for men and 0 years for women. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The amortization period at February 29, 2012, was 22 years for the general division, 17 years for the police division and 15 years for the fire division. The amortization period as of February 28, 2013, was 18 years for the general division, 17 years for the police division, and 14 years for the fire division.

Note: The below assets and actuarial accrued liability do not include the assets and present value of benefits associated with the Benefit Reserve Fund and the Casualty Reserve Fund. The actuarial assumptions were changed in conjunction with the February 28, 2011, annual actuarial valuations. For a complete description of the actuarial assumptions used in the annual variations, please contact the LAGERS office in Jefferson City.

NOTE 10. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are solely the property of the participants. Investments are managed by the plan's trustee under several investment options. The choice of the investment options is made by the participants.

NOTE 11. MAJOR SUPPLIERS

During the year ended December 31, 2014, the City relied upon one vendor for the generation and transmission of all electricity purchased for resale totaling \$9,078,871.

NOTE 12. LEASES RECEIVABLE

On June 13, 2005, the City entered into an agreement with Sprint Spectrum L.P. to the right to install, maintain, and operate the radio communications equipment, antennas, and appurtenances located on a portion of the City's water tower. This lease agreement is for five years and shall automatically be extended for two additional five-year terms unless Sprint Spectrum L.P. provides written notice to the City at least six months prior to the end of the then-current lease term, and for an additional two five-year terms after that unless either the City or Sprint Spectrum L.P. terminates by providing written notice to the other party at least six months prior to the end of the current lease term. If, at the end of the second five-year extension term, this agreement has not been terminated, the agreement shall continue for additional one-year terms. The lease calls for annual rental increases of 3% annually. This lease was extended for the first additional five-year term in the year ending December 31, 2010. This agreement provided lease income of \$21,023 for the year ended December 31, 2014.

NOTE 12. LEASES RECEIVABLE (Continued)

On July 15, 2005, the City entered into an agreement with Verizon Wireless LLC to the right to construct, operate, and maintain a communications facility, including required antennas and equipment structures, on a portion of the City's water tower. On September 11, 2008, this agreement was amended to increase the number of antennas and to amend the additional extension terms. The lease agreement is for five years and shall automatically be extended for four (5) year terms unless written notice is provided at least six months prior to the end of the then-current lease term. If, at the end of the fourth (5) year extension term, this agreement has not been terminated, the agreement shall continue for additional one-year terms until such time that proper notice is given by either party. This lease calls for annual rental increases of 3% annually. This lease was extended for the first additional five-year term in the year ending December 31, 2010. This agreement provided lease income of \$24,686 for the year ended December 31, 2014.

The following is a schedule by years of minimum future rentals on the noncancellable operating leases as described above as of December 31, 2014:

Year Ending December 31,

2015 22,034

NOTE 13. SELF-INSURANCE

The City is a member of the MPR (Midwest Public Risk), a not-for-profit corporation consisting of governmental entities incorporated in 1984 to acquire insurance for its members. MPR operates as a purchasing pool and is not a joint venture activity of the City. The City has no control over budgeting, financing, management selection, or the governing body. MPR provides both conventional and self-insurance coverage for its members including medical, dental, property, casualty, general liability, and workers' compensation. The City participates in the workers' compensation insurance coverages.

MPR manages the cash and investment pool, funded by insurance premiums, on behalf of its members. MPR's investment pool consists of interest-bearing deposits, U.S. Treasury, and U.S. governmental agency obligations.

In the event that a deficit occurs with respect to any fiscal year of MPR for which the City was a participant at any time during such year, and in the event that MPR determines that an assessment is required in order to provide additional funds for the obligations of MPR for such year, and further, in the event that the City was covered by the types of benefits requiring the assessment during the time period in which the assessment arose, the City is obligated to pay its pro rata share of any such assessment, irrespective of whether or not the City is a member of MPR at the time of such assessment.

MPR's financial statements are presented in its Comprehensive Annual Financial Report.

NOTE 14. RISK MANAGEMENT

In its normal course of business, the City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; workers' compensation; and natural disasters for which the City carries commercial insurance. There have been no significant reductions in insurance coverage from the prior year and no significant losses in the past three years.

NOTE 15. WATER PURCHASE AGREEMENT

The City and the City of Kansas City, Missouri, have entered into an agreement to construct a transmission main, pump station, elevated tank, and metering/regulating facility for the purpose of future water purchases at a maximum rate consumption of 5 million gallons per day.

Based on the agreement, the City of Harrisonville, Missouri, is to submit monthly payments over a twenty-year term to the City of Kansas City, Missouri, for \$19,543. This payment is calculated for the future value of estimated construction costs incurred for transmission main, pump station, and elevated tank. During the year ending December 31, 2014, the City of Harrisonville, Missouri, provided the City of Kansas City, Missouri, with \$234,516.

The construction of the metering/regulating facility (meter vault) is to be paid solely from the City of Harrisonville, Missouri, for an estimated cost of \$60,000. The costs of construction for the transmission main, pump station, and elevated tank will be shared between both cities. The estimated share of costs for the City of Harrisonville, Missouri, is \$3,159,184. After completion of the project, the transmission main, pump station, and elevated tank will be owned by the City of Kansas City, Missouri. The City of Kansas City, Missouri, will be responsible for the operation and maintenance of said property. All payments made by the City of Harrisonville, Missouri, are accounted for as an intangible asset. After completion of the project, these costs will be amortized over the estimated life of the property. The project is expected to be completed by 2015.

On May 1, 2015, this contract was sold to the City of Lee's Summit which will be taking over the remaining obligation and is reimbursing the City of Harrisonville for the amount of payments made to KCMO which is approximately \$1,680,000.

NOTE 16. DEFICIT FUND BALANCE

The Emergency Service Fund and Debt Service Fund had deficit fund balances of \$306,023 and \$5,244. The City intends to restore these balances through transfers from the General Fund.

NOTE 17. COMPLIANCE WITH MISSOURI STATUTES

Missouri House Bill No. 103 amending RSMo Section 3.02.341.2 became effective on August 28, 2013. The amendments to the statute now require municipalities to report an accounting of the percent of "annual general operating revenue" from fines and costs for traffic violations as follows:

Fines and costs for traffic violations 255,777

Annual general operating revenue 7,437,804

Fines and costs for traffic violations as a percentage of annual general operating revenue 3.4%

NOTE 18. LITIGATION

As of June 1, 2015, the City had unsettled claims which are at various stages, and at this time, outcomes cannot be predicted. The City is vigorously defending each unsettled claim.

NOTE 19. SUBSEQUENT EVENTS

In preparing the financial statements, the City has evaluated events and transactions for potential recognition or disclosure through June 1, 2015, the date the financial statements were available to be issued.

CITY OF HARRISONVILLE, MISSOURI NOTES TO BUDGETARY COMPARISON SCHEDULES FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE 1. BUDGETARY INFORMATION

An annual budget prepared under the cash basis of accounting is adopted in December prior to the beginning of each fiscal year for all revenues and expenditures of the General Fund of the City. The primary basis of budgetary control is at the department level. Departments may not legally exceed their total appropriation without the Board of Aldermen approval. A review of the current year's budget is made by the departments in December of each year and interdepartmental transfers are made with Board of Aldermen approval. Any remaining unencumbered appropriations lapse at fiscal year-end unless reappropriated by the Board of Aldermen. Any increase in appropriations during the fiscal year must be approved by the Board of Aldermen.

STATISTICAL SECTION (Unaudited)

This part of the City of Harrisonville's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the City's financial performance and wellbeing have changed over time.	73 - 78
Revenue Capacity These schedules contain information to help the reader assess the City's two most significant local revenue sources: sales tax and property tax.	79 - 84
Debt Capacity These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	85 - 87
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	88 - 90
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.	91 - 92

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement No. 54 in 2011; schedules that include governmental fund balance classifications for years prior to 2011 are presented in pre-GASB 54 format.

Information presented in this section is required by GASB 44 to include current year plus nine years of previous data. In many cases, the City has not presented nine years of previous data as it is not readily available or has not been tracked by the City in the past.

Source: Cass County Assessor's Office

Note: A statewide real property reassessment program was implemented January 1, 1985, to create a more equitable sharing of the property tax burden by owners of real property.

Assessed value was determined by applying one of three percentages to the market value. Those percentages are 32 for commercial, 19 for residential, and 12 for agriculture.

Tax rates are per \$100 of assessed value.

CITY OF HARRISONVILLE, MISSOURI COMPUTATION OF LEGAL DEBT MARGIN DECEMBER 31, 2014

	Gene Obligation		
	Ordinary (1)	Additional (2)	Total
Assessed valuation	120,940,616		120,940,616
Constitutional debt limit	12,094,061	12,094,061	24,188,122
Less general obligation bonds payable	<u>- 0 -</u> 12,094,061	-0- 12,094,061	<u>-0-</u> 24,188,122
Cash and securities available for retirement	- 0 - 12,094,061	- 0 - 12,094,061	- 0 - 24,188,122

- (1) Article VI, Sections 26(b) and (c) of the State Constitution permits the City, by vote of twothirds of the voting electorate, to incur an indebtedness for City purposes not to exceed 10% of the taxable tangible property therein as shown by the last completed assessment.
- (2) Article VI, Sections 26(d) and (e) of the State Constitution provides that the City may become indebted not exceeding the aggregate and additional 10% for the purpose of acquiring rights-of-way, constructing, extending and improving streets and avenues and/or sanitary storm systems, and purchasing or constructing waterworks and electric or other light plants, provided that the total general obligation indebtedness of the City does not exceed 20% of the assessed valuation.

CITY OF HARRISONVILLE, MISSOURI COMPUTATION OF DIRECT AND ESTIMATED OVERLAPPING DEBT DECEMBER 31, 2014

Taxing Jurisdiction	Gross Debt Less Sinking Fund (1)	Approximate Percentage Applicable to Harrisonville (1)	Approximate Amount Applicable to Harrisonville (1)
School Districts, Cass R-IX	33,142,045	65%	21,542,329
Direct debt obligations of the City of Harrisonville (general obligation bonds), net of debt service funds		0%	
Total direct and estimated overlapping debt	33,142,045		21,542,329

(1) On the basis of assessed valuation.

NOTE: Other government entities whose boundaries overlap the City have outstanding bonds payable from ad valorem taxes. This schedule of direct and estimated overlapping ad valorem debt was compiled from information furnished by the jurisdictions responsible for debt. Except for the amounts relating to the City, the City has not independently verified the accuracy or completeness of such information, and no representation regarding the reliability of such information is made.

Furthermore, certain entities listed in the statement may have issued additional bonds and such entities may have programs requiring the issuance of substantial additional bonds, the amounts of which cannot be determined at this time.

Lease purchase agreements are not included in this schedule but have been included in the past. This change accounts for the significant difference among this year and previous years' schedules.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the Board of Aldermen City of Harrisonville, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the City of Harrisonville, Missouri, which comprise the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information as of and for the year ended December 31, 2014, and have issued our report thereon dated June 1, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Harrisonville, Missouri's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses, that we consider to be a significant deficiency as item 2014-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Harrisonville, Missouri's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

City of Harrisonville, Missouri's Response to Findings

The City of Harrisonville, Missouri's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the City of Harrisonville, Missouri's response, and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Dana & Cole+Company, LLP

Overland Park, Kansas June 1, 2015

CITY OF HARRISONVILLE, MISSOURI SCHEDULE OF FINDINGS AND RESPONSES YEAR ENDED DECEMBER 31, 2014

2014-001 RELIANCE UPON THE AUDITOR

Criteria

As described in our engagement letter, management is responsible for establishing and maintaining internal controls, including monitoring, and for the fair presentation of financial statements, including the notes to the financial statements, in conformity with accounting principles generally accepted in the United States of America.

Condition and Context

Management should possess the ability to reconcile all accounts and prepare financial statements in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements under this basis of accounting requires that management possess the ability to properly record and classify transactions in a general ledger, reconcile all accounts, measure and record needed adjustments to the accounts, and prepare the financial statements and related disclosures without the assistance from the auditors. The auditors drafted the financial statements and related note disclosures from a trial balance and other documentation provided by City personnel.

<u>Cause</u>

City personnel do not obtain the expertise necessary to draft the year-end financial statements, supplementary information, and notes to the financial statements.

Potential Effect

The potential exists that a material misstatement of the financial statements could occur and not be prevented or detected by the City's internal control.

Recommendation

We recommend that the City review and approve the proposed auditor adjusting entries, the adequacy of financial statement disclosures prepared by the auditors, and apply analytic procedures to the draft financial statements, among other procedures as considered necessary by management.

Views of Responsible Officials and Corrective Action Plan

The City relies on the auditor to propose adjustments necessary to prepare the financial statements including the related note disclosures. The City reviews such financial statements and approves all adjustments. The City also uses analytic procedures among other procedures necessary to complete the Management's Discussion and Analysis.

CITY OF HARRISONVILLE, MISSOURI SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS YEAR ENDED DECEMBER 31, 2014

2013-001 RELIANCE UPON THE AUDITOR

Management should possess the ability to reconcile all accounts and prepare financial statements in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements under this basis of accounting requires that management possess the ability to properly record and classify transactions in a general ledger, reconcile all accounts, measure and record needed adjustments to the accounts, and prepare the financial statements and related disclosures without the assistance from the auditors. See current year finding 2014-001.
